

Thank you for being a Canadian Blood Services Partners For Life champion.

Hello CUPE Local 4705,

We have recently updated our system and changed the way your members can sign up to your Partners For Life team. Signing up is a one-time action and does not need to be done at each donation.

Your Partners For Life ID is **CUPE0093164**

To join the team:

- [Join the CUPE Local 4705 team](#)
- Log into or create your [blood.ca](#) account
- Select Partners from the menu
- Add your Team number or team name CUPE Local 4705 and select JOIN THE TEAM

The PFL ID is used to link your team's donations to your union. All members will need your Partner name or number when registering so we can ensure your team's donations count towards your union's pledge. Access your monthly results [here](#) and scroll to the bottom of the page. Your Partner pledge is under the N.E.O.N partner report.

Plasma products are a critical part of everyday medical care including major surgeries, medical procedures, cancer treatments and managing diseases and disorders. As Plasma donors, your team forms a vital link in **Canada's Lifeline**, helping many patients in Canada wake up healthy each day.

Thank you for your ongoing commitment in support of **Canada's Lifeline**.

Please contact me if you have any further questions,

Teri-Mai Armstrong
